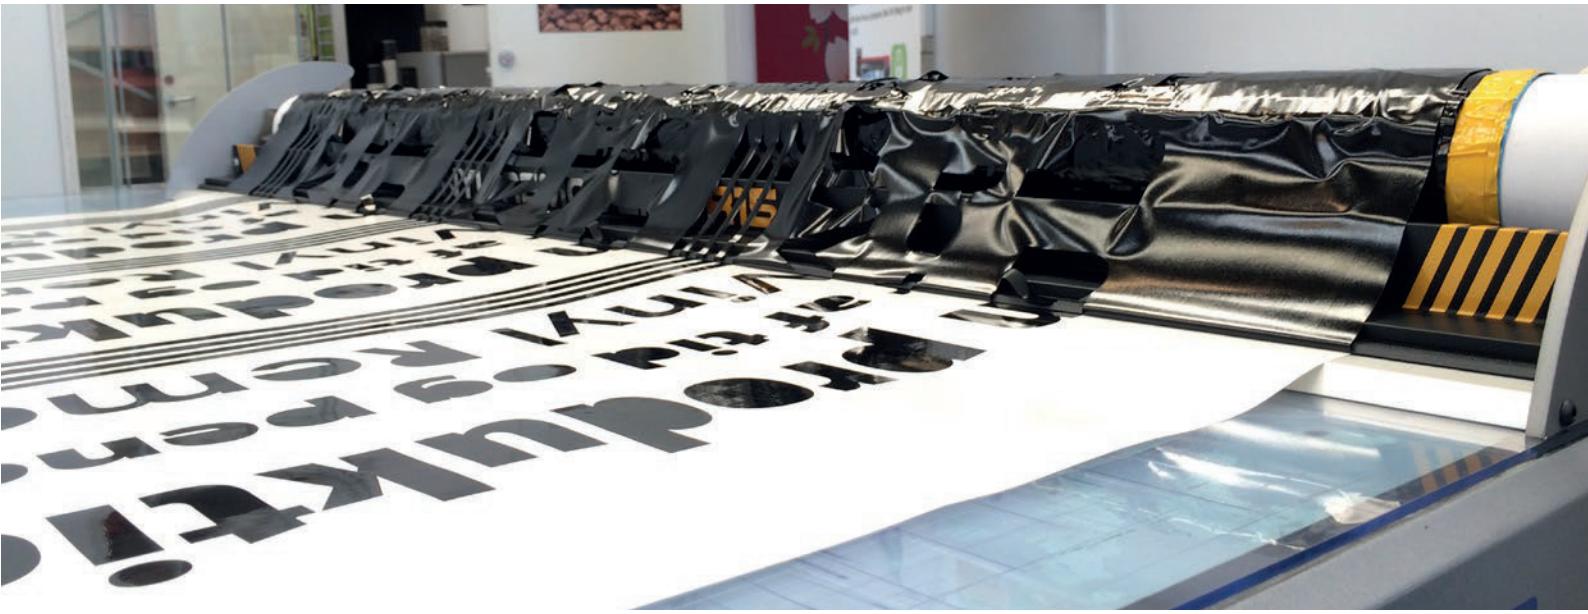
VR15
VINYL WEEDER

SAVE UP TO 70% TIME

SIGNGEER.COM

WHAT IS A VINYL WEEDER?



SAVE VALUABLE TIME

A Vinyl Remover strips away your excess vinyl from any plotter and print ‘n cut. Your VR15 can be mounted directly at the end of any worktable or flatbed laminators like RollsRoller, RollX or CWT.

Not only does your Vinyl Remover save you up to 70 % of the time you would have spent stripping vinyl by hand – it even keeps your excess vinyl away from your cut out graphic while neatly collecting all excess vinyl on a roll.

By using the VR15 Vinyl Weeder you can be sure to avoid mistakes – You can even leave the machine in the middle of a job and answer your phone, without any damage to your cut out vinyl. Weeding vinyl has never been faster or easier!

EASY COUNTING IN NO TIME!

For even more flexibility: Upgrade your VR15 with the brand new MEDIACOUNTER, for easy measuring of any kind of vinyl.
