

Ghost-Off Uses:

GHOST-OFF is a safe, ready to use product designed to quickly restore weather exposed surfaces by easily removing oxidation. Fades "ghost" images of completely removed vinyl so vehicles are no longer haunted by the past. Works best on white or light colored surfaces. May also be used as a surface prep before applying graphics or re-painting.

Biodegradable, non-toxic, non-flammable. Caution, this product may dry skin. Use skin lotion to re-moisturize after thoroughly washing any exposed skin.

What you will need:

Ghost-Off ~ Water ~ Soft bristle scrub brush

Step by Step Instructions:

1. **WET SURFACE & APPLY GHOST-OFF:** Thoroughly drench dry surface with water, then apply Ghost-Off. Allow up to 1 minute dwell time.

2. **SCRUB:** Agitate with a soft brush. Product may dry quickly when used in hot-dry weather. Re-soak with water and more Ghost-off as needed.

3. **RINSE:** Rinse thoroughly! Ghost-Off rinses free even in cold water. Watch for the oxidation running off.

4. **RE-APPLY (if needed):** Even heavily oxidized surfaces rarely require a second round. Not intended as a weekly wash.
