

HEAVY DUTY WALL RACK

20 ROLL CAPACITY

Component List

- 10 x M8 x 40mm Socket Button Screw
- 10 x M8 Spring Washers
- 5 x Loop Poles
- 2 x 810mm Bars with Holes
- 1 x 6mm Allen Key

Assembly Instructions

Lay out parts as shown. During assembly leave all of the bolts loosely tightened until all of the parts are assembled, then tighten them being careful not to stress the metal. A spring washer goes with every screw.
